

NEW BLUE LIGHT VEGICAPS® CAPSULES WITH LUTEMAX® 2020 & DHA ORIGINS™ 550 ALGAL OIL

Product Description

Many people spend nearly half of their waking hours looking at their digital screens which produce high-energy blue light. As a result, people are susceptible to the “Blue Light” Hazard - prolonged exposure to high-energy wavelengths of light which may have a cumulative negative effect on eye health.

Catalent, OmniActive Health Technologies, and FermentaG have teamed up to develop an innovative formula to help filter blue light.

Introducing BLUE LIGHT VEGICAPS® CAPSULES with LUTEMAX® 2020 and DHA ORIGINS™ 550 High-Potency Algal Oil - This unique combo formula contains multiple key ingredients intended to help protect the eyes from blue light.

Blue Light capsule contains LUTEMAX® 2020 (to provide 25mg Lutein and 5mg Zeaxanthin), DHA ORIGINS™ 550 (to provide 250mg DHA), 10mg Astaxanthin, and 100mg Bilberry Extract. Daily dosage for this product is 1 capsule.

ACTIVE INGREDIENT	INGREDIENT DESCRIPTION	PURPOSE
LUTEMAX® 2020 (to provide 25mg Lutein and 5mg Zeaxanthin)	Carotenoids are a class of naturally occurring pigments synthesized by plants. Of all carotenoids, only Lutein and Zeaxanthin are found in the retina Alternating double and single bonds common to all carotenoids allows them to absorb light in the visible range of the spectrum. Lutein and Zeaxanthin efficiently absorb blue light	Vision health and performance
DHA ORIGINS™ 550 (to provide 250mg DHA)	Essential nutrient with varied benefits	Support visual function
10mg Astaxanthin	Powerful antioxidant intended to help maintain eye health and promote healthy vision, potentially slowing down symptoms of age-related eye concerns	Help protect against oxidative stress and free radical damage in the eye
100mg Bilberry Extract	Intended to support the production of a pigment that may help the eyes to adapt to lighting changes	Antioxidant protection for the macula

Consumer Benefits

- Unique combo formula with Lutein & Zeaxanthin, DHA, Astaxanthin and Bilberry Extract intended to help improve protection against blue light and promote eye health
- LUTEMAX® 2020* is intended to help protect against the effects of blue light and promotes overall visual performance
- DHA ORIGINS™ 550 High-Potency Algal Oil is naturally concentrated with neutral taste and smell
- All natural product in consumer preferred plant-based VEGICAPS® CAPSULES

* Combination of Lutein and Zeaxanthin
