

CONSUMER HEALTHCARE GLOBAL NUTRITIONAL SUPPLEMENT PRODUCT LIBRARY

A proven track record of delivering more differentiated products, faster.

For more than 80 years, Catalent has been a global leader in the development and supply of innovative consumer health products. We partner with 21 of the top 25 consumer health companies globally on advanced softgel technologies across supplements, OTC and the beauty categories.

As the first to produce Omega-3 products for both the consumer health and pharmaceutical markets, we have deep category expertise and a range of new offerings for your brand. As your innovation partner, we will help you address your consumers' needs by leveraging our differentiated softgel technologies, formulation expertise and robust product library to give your brand a competitive advantage in the market.

Get to market faster with RP Scherer Softgel Technology

We can help you bring **more products to market faster** and support your business objectives of driving brand growth and market share. With our vast product library, deep expertise and global reach we can provide:

- Proactively develop products across a broad range of categories including:
 - Omega-3s
 - Multivitamins & Minerals
